EASTERN TRADERS

A part of 'Eastern Group of Companies

is one of the leading solution provider for various types of Pressure Sensitive Self Adhesive Industrial Tapes and Die-Cuts Solutions.

We began this journey over 50 years ago, incorporated by Mr. Hasmukhlal Doshi as a small scale trading company which imported and traded Industrial use Self Adhesive Tapes in India for the developing industrial sector, which is now managed by the third generation of Doshi Family.

We are a certified company offering a wide range of user friendly Specialized Self Adhesive Tapes. Our team is having more than 50 years of industrial experience & specific knowledge of the industry.

Thankfully our journey has been smoother by the support, brilliant managerial skills, in-depth knowledge about the industry of Mr. Doshi & Team and also our very own customers, with whose support and encouragement, we have steadily grown over these years, to become one of the leading solution provider of Specialized Self Adhesive Tapes in India.

”

WHAT WE OFFER

We offer various types of Pressure Sensitive Specialized Self Adhesive Tape & Die Cut related products ranging from packaging application to highly specific technical product applications in different industrial verticals. We also support & train users to use our products in the right way & educate them to achieve maximum results in minimum time.

VISION

Delivering value to our customers by providing World-Class solutions for Adhesive Tapes.

MISSION

To be the leading solution provider for Adhesive Tapes and Solutions all over the globe through Expert Technical Information, consistent quality & harmonious customer service.

Floor Marking Tape

- Used for safety identification and lane marking for storage segmentation.
- To mark hurdles like wiring lines, man hole or other safety areas in exhibition.
- Better performance compared to paints.
- Great for office and industrial use.
- Colors available Red, White, Yellow, Green, Blue, Yellow/Black.

Reinforced Paper Tape

- Highly preferable to pack heavy duty cartons as it has very high tensile strength.
- Highly conformable & 100% recyclable.
- Recommended for export packing.
- Water activated adhesive, Environment friendly.
- Printed version also available.

Duct / Book Binding Tape

- It is basically the right and recommended product for heavy duty seaming and sealing application for ducting, having rough or dirty surfaces.
- Most commonly used for such applications due to its high holding power across temperature ranges.
- Ideal for insulation, underground pipeline, corrosion & abrasion protection.
- Used in construction industry for AC ducting.
- Colors available: Black, Red, Silver, Grey & many more.

Crepe Paper Masking Tape

- They are used in paint shop refrigeration, automotive & business machinery and many other places for general purpose application.
- Masking of painted metal, plastic & rubber surface where staining could be a problem.
- Recommended for a wide variety of packing & light bundling operations.
- They are employed to temporarily attach inspection stickers, name plate, instructions and work orders during manufacturing and assembly operations.
- No adhesive transfer after removal.

Double Sided Cotton Cloth Tape / Stereo Tape

- High shear resistant, coated with strong adhesion.
- Recommended for Printing industry.
- Used to stick stereo plate or stereo sheet with the cylinder.
- Mainly used in Corrugated box industry for printing.

Aluminium Foil Tape

- For duct sealing & insulation in HVAC.
- Low moisture content makes this product as a good sealant.
- Suitable as a masking in electroplating of aluminum due to its non-contamination properties.
- This product is a perfect recommendation for holding of condenser / evaporator coils wires in appliance walls for refrigeration / AC units.
- It's a suitable PSA tape used as 'Heat Reflector'.
- HVAC duct wrap, protective masking and electroplating.

Filament Tape

- Suited to lead anchoring and banding of coils.
- Reliable for bundling and high capacity reinforcement.
- Widely used for construction such as pipeline stabilization and electrical cable reinforcement.
- Used in heavy duty packing, sealing of Steel coils and core starting / end tabbing applications.

Double Sided Tissue Paper Tape

- Splicing papers, plastic films, cloths and corrugated boxes.
- Excellent temperature and solvent resistant.
- Strong adhesion & hand tear-able.
- Good shear strength & no slippage long after applied.
- Also ideal for holding and joining of light weighted items and household applications.

Double Sided Foam Tape

- Various grades available for wide range of bonding applications.
- Tape with both side adhesive coating suitable for wall mount picture, cable tie mounts and multi-applications.
- Suitable for clean and smooth walls, ceramic tiles and wooden surfaces.

Double Sided Acrylic Foam Tape

- Used for Safety Glass Manufacture & Glass Partitioning.
- Acrylic double sided tape is used for fixing of GI Panels, MS Sheets & Body Building Industries.
- It is employed for mounted trims, emblems & body side moldings are fixed.
- It is recommended to bond many similar or dissimilar substrates.

Double Sided Polyester Tape

- Strong holding power and no adhesive deterioration.
- Excellent temperature and solvent resistant.
- Provides strong rigid bond for the most demanding external applications.
- It is excellent for bonding rigid extrusions and is ideal for applications requiring an almost transparent finish.
- Most suitable for fixing of reflection foil to LCD frame, splicing of thin plastic films, flex to flex joining.

HDPE Fabric Tape

- Heavy duty, water resistant packing tape made from HDPE fabric.
- Used for joint jobs for FIBC Woven sack bags.
- Heavy duty carton box & Steel coil Packing & Sealing.
- High tensile strength strong adhesion and surfaces adherence.
- Available in various colors.

Bag Sealing Tapes or Security Tape

- Available with advanced adhesive & coating technology.
- Sealking
- Sealerking
- Sunking
- Available in printed liner & plain liner.

Kraft Paper Tape

- This tape is designed for use in applications where reduced weight can provide packing material savings.
- They are widely used for carton sealing, packing, silk screening, picture framing, freezer tape, leasing, splicing, and tabbing.
- Good performance in re-stripping & packing.
- Environment friendly.

Tape Dispenser Machine

- Water-activated tape dispenser that is rugged, reliable and simple to use.
- Accommodates both reinforced or non-reinforced paper tape.
- Available in 'Manual' operation as well as 'Automatic' operation.
